Graphics for Design - Spring

Assignment 4

Spring Show Boards

Layout your boards for spring show. Create ideas for both the work you want to showcase and the ideas you want to share. As you create these, keep your identity in mind as a guide for your visual presentation. Start with sketches, and then move to the layout of the large boards. You can either create one large plot per board, or design multiple pieces that will sit on the boards.

Step One:
Sketches

Step Two:
Layout and print b/w tiles and color minis

Step Three:
Print color minis, final b/w tile

Step Four:
Construct final board

(The number and size of the boards are subject to change. We will update this information as soon as we know the final counts.)
